

## **Sand Box Fill 2008 a Success!**

The 2008 Sand Box Fill started early on a cool, yet sunny Saturday morning. Chair John Bouhl had this to say: *"First, I would like to thank Jeff Miller for the sand donation. Next, I would like to thank the following Jaycees for their time this morning. Troy Nottestad, was probably the first to speak up and join in. Chris Stinebrink, was also happy to lend his shovel and time. Jeremy Kinsey, was called at 7:30 this morning and was ready to go in just 15 minutes!!"*

*Also our Pres. David Broaden, who placed a few calls and a few emails for me. The final thanks goes to "The little S-10 that could." My truck served as the dump truck for todays event, and its shocks took a pounding. I would like to say that I did have several other Jaycee members who did say they could help, and thank you for your offer.*

*Again thanks to Troy, Jeremy, and Chris for waking up so early on a Saturday morning just to fill sand boxes.*
